Career Objective

Aspiring Cloud and DevOps Engineer pursuing B.Tech in CSE (AIML), with a strong interest in Cloud Computing and AWS. Currently building expertise in cloud services, Linux systems, and DevOps fundamentals, and seeking an opportunity to apply and strengthen my skills in developing scalable, secure, and reliable cloud-based solutions.

Education

Name of the Institution	Degree	Year of Passing	Percentage of Marks
Brainware University	BTECH CSE-AIML	2022-26	88.84
Army Public School BKP	12 th	2022	85.33
Army Public School BKP	10 th	2020	86.88

Key Skills

- **Technical Knowledge:** Strong foundation in Cloud Computing concepts, AWS core services (EC2, S3, IAM), Linux fundamentals, and networking basics.
- **Cloud & DevOps Fundamentals:** Understanding of cloud infrastructure, virtualization concepts, basic system administration, and deployment principles.
- **Version Control & Tools:** Familiar with Git, GitHub, and basic command-line operations in Linux environments.
- **Problem-Solving Ability:** Capable of analyzing technical issues and understanding system architecture and infrastructure concepts.
- **Communication & Teamwork:** Good verbal and written communication skills with the ability to collaborate effectively in team environments.

Academic Projects

SIH 2024 - Women's Safety App

4th September 2024

Developed a mobile application to enhance women's safety through real-time tracking, emergency alerts, and AI-powered threat detection. Designed an intuitive **UI/UX** for seamless user interaction. Integrated **GPS tracking, SOS alerts, and AI-based anomaly detection** to ensure quick response during emergencies.

SIH 2023 - Smart Street Light Management System

22nd September 2023

Designed and implemented an **AI & IoT-based system** to optimize street lighting for energy efficiency. Integrated **motion sensors and real-time data analytics** to dynamically adjust lighting based on traffic and pedestrian movement, reducing energy consumption and operational costs.

Trainings & Workshops

- 5-day workshop on Emerging Trends, 19th-23rd August 2024
- Introduction to Data Analysis using Microsoft Excel 14th September 2023

Professional Experience

Founder & Manager | Celestial- A Digital Marketing Agency

December 2024

- Founded and managed a digital advertising agency specializing in social media marketing, Google Ads, and print media.
- Led a team to execute brand growth strategies and performance-driven ad campaigns for multiple clients.
- Gained hands-on experience in client management, digital advertising, and business operations.
- Provided valuable insights into market trends, financial management, and business scalability.

Languages Known

- **English:** Can read, write, and speak.
- **Hindi:** Can read, write, and speak
- **Bengali:** Cannot read or write, but can speak.

Hobbies

I am driven by a passion for continuous learning, regularly studying business case studies to inform my approach to market strategy. My commitment to staying current with the latest technology and my interest in chess, which helps develop strategic thinking, are assets that will contribute to effective business development.
